

East Albury Street O

13 March 2019

A really good turnout on a perfect evening for orienteering. Raf and Tony P finished just one second apart on the long course – with our ‘approximate’ timing it’s possible they had a dead heat. Great run by both. Lots of families with kids on the medium and short courses and it was great to see the kids with smiles on their faces! The tight battle in MTB continues with Ferg having a strong ride – Ferg is now only one point behind Tony on the points table with one round remaining.
