

## MOTHERS DAY – MTB O & FOOT O – 9 MILE HILL 12 MAY 2019

Orienteering on Mother's Day appears to be a hit with a great turn out including lots of families.

The courses set by John Ferguson (at his first go as a course setter for a Bush O) were well received by all. It was very well thought out by John to fit a 15 km MTB course into a map area of about 2 sq km. Great to see Carolyn Jackson and Bill Vandendool up from Melbourne and a big welcome to Scott and Debbie Fullarton, keen Mt Bikers from Deniliquin having their first go at orienteering. Welcome also to Harry Smith from Thurgoona who found the event on the Club Facebook page, as did the Fullarton's, so Liz's hard work with FB might be finally bearing fruit. Also great to see the Beechworth-Stanley crew back to ride some new turf.

An unfortunate technological glitch with the SI download station meant we could not provide accurate timing and control splits, so the day was declared a "Training Day", the following results are mostly best guess

### MTBO Long 18 Controls – 15.2 km (according to Carolyn's Garmin GPS)
