

AWOC 'Bush O' Club Championships

3 November 2019

Despite a threatening weather forecast a good field attended our last bush event of the year. As usual there were several visitors from other clubs including Bendigo, Wagga and ACT.

Heavy rain midway through the event made for challenging conditions but the first time winners, Peter Mousley and Alex Freire, deserve congratulations for their outstanding performances. The courses featured a mixture of spur/gully terrain and intricate gold workings along the major gully which required pinpoint navigation. On the long leg on all courses the popular option was around the hill on the northern side. Peter won most of the legs through the complex diggings to win comfortably from Matt Flower and Leigh Privett. Alex was in control for most of her course with strong running and fine navigation to win comfortably ahead of Emma Flower and Prue Dobbin.

As usual Liz provided several tasty cakes to help celebrate this highlight of our calendar. Thank you to all others who assisted including Peter for map updates and Rob Simmons for the Condes preparation.

Special mention must be made of the younger kids who participated – and their parents/grandparents who carried/helped them around! It's always fantastic to see them out and about enjoying time together and hopefully giving the kids a start in a sport they can continue for life.

Liz Wood won the day by just 5 points over Tony Perrott, with fewer time penalties making the difference. Bryan and Jane Hardy, all the way from WA, both had good runs as did Alex Freier, enjoying her first orienteering run for several months.
