

## **MapRun @ Noreuil**

Two score courses were on offer with the longer course featuring an "odds and evens" system to provide a decent course length in a compact area. So good was the event that we even attracted an elite orienteer from Germany...

Raf Freire took the honours on the long course with a score of 750, the maximum possible. Norm McCann followed on 650 but was like a kid in a candy store when he realised he'd beaten our elite visitor - Kilian Lilje was working in the area and ran an impressive 20 minutes for 5 km but some instructions were lost in translation, so his score was reduced (but Norm will take his 'win' anyway he can!).

The short course was a family affair, with the Cave's, Whitesed's, McDiarmid's and Roseby's all enjoying a family activity.

## **MapRun @ Mungab**

With the instructions now understood and a magpie to speed him along, German orienteer Kilian Lilje dominated the foot course, scoring the maximum possible 1000 points and covering 7.2 km in 33:38. Alex Freire put in a strong performance to finish second with 860 points, beating dad Raf who incurred 4 minutes of time penalties.

Fabrizio Andreoni won the MTB course with the Roseby's enjoying their time but forgetting about said time and incurring an impressive 360 penalty points!

## **MapRun @ Baranduda**

A very tight contest with Emma Flower sneaking home on 600 points, only 10 ahead of Matt and Indiana Flower. Another good turnout of families with the Whitesed's, Henschke's and friends and Roseby's all participating.

## **MapRun @ The Causeway**

About 25 people joined this successful Sunday GPS event with Stephen McDougall taking out the foot O event. Raf Friere was second despite earning a hefty 180 demerit points for being 5 minutes 40 seconds over the time limit.

In the MTBO field, Norm McCann took out the prize with a perfect score followed by Tony McDiarmid.
