

Interclub #5 – Nail Can Hill

11 July 2021

(report by Norm McCann, AWOC)

A beautiful crisp morning and a great turnout for the Interclub #5 on Nail Can South.

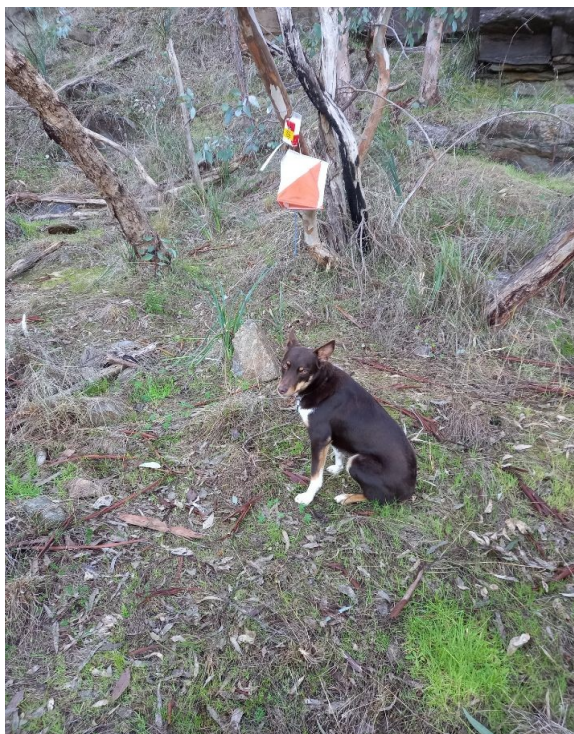

The honours were shared on the Red Courses with Matt Flower (long) and Deb Davey(short) both having comfortable wins. Ian & Ruby Burns made it a family double by taking out the Orange & Novice courses and then made their trip to town well worth the effort by heading out for another run on Short Red.

The courses were well received which was a relief after a lot of work, thanks to Peter Mousley & Rick Armstrong for map updating & course checking.

The first aid kit had a bit of a workout at the finish with Liz Wood hobbling in on one leg after a fall early on in her course (but of course she still finished, they breed them tough up Georges Creek way). Then Leigh came in with scratches & blood all over his arms, looking like he had tangled with one of the big grey roos that live on the hill, fortunately it looked much worse than it actually was and not too much damage was evident after a bit of a clean-up.

Great to see several families out on the course and all the kids looked like they had a great time. Well done to Pat Esler having his first try at orienteering and managing second place on the Orange course, proving once again that surveyors generally make good orienteers.

Finally, a special mention to my dog Carji who out on his morning walk with Jenny managed to find 4 controls without a map or compass, must have used his nose to sniff where his dad had been only an hour or so earlier.

Thanks to all who attended.

AWOC won the day 71:31 and after 5 events lead the Interclub Challenge 250:195.
